EDUCATION

Kwame Nkrumah University of Science and Technology
Programme: Bachelor of Science, Computer Science **November 2025**
Academic Standing: First Class Honours (71.57 %)

Relevant Courses: Database Management Systems, Computer Networks, Operating Systems, Software Engineering, Web Development

WORK EXPERIENCE

Information Technology Intern, SLB Oct 2025 – Present

- Providing technical support across enterprise systems, closed 70+ IT tickets, troubleshooting hardware, network, and user issues to ensure minimal downtime
- Supervised deployment of office UPS system, ensuring seamless transition and zero disruption to business operations
- Initiated and executed server room cable tracing and documentation to improve network visibility and reduce troubleshooting time
- Provide out-of-hours IT support during maintenance windows and critical periods to ensure business continuity
- Built and deployed a digital cloud platform utilizing Microsoft PowerApps for robust record-keeping, replacing legacy pen-and-paper methods and improving operational efficiency.

Frontend Developer (Learning Games), SuperMuse (Remote) - Music Learning Platform Aug 2024 – Oct 2025

- Developed interactive web-based games using React to help users learn music theory and practice skills.
- Implemented engaging UI components and animations to improve the learning experience.
- Used Git for version control and working in agile sprints.

Tax Intern, Deloitte Ghana Nov 2023 – Dec 2023, May 2025 – June 2025

- Supported the preparation of tax documentation and compliance processes.
- Gained exposure to corporate problem-solving and data analysis.
- Deployed a Python script to extract data from client PDFs into an Excel template, saving over 5 hours of manual data transfer monthly.

TECHNICAL SKILLS

- **IT & Systems Administration:** Windows Operating Systems, Microsoft 365 & Office Suite, E-mail Administration, Data Backup & Recovery, Cloud Computing, Cybersecurity & Endpoint Protection
- **Frontend Technologies:** React, Next.js, TypeScript, TailwindCSS, Framer Motion
- **Backend & Data:** Python, Flask, Postgres, Go, Supabase, SQL, Database Management Systems
- **Concepts & Tools:** Full-Stack System Architecture, API Integration (Paystack), Git Version Control, Agile Methodologies, UI/UX Design, Microsoft PowerApps, Hardware Troubleshooting

PROJECTS / ACHIEVEMENTS / AWARDS

- **Portal (Digital Service Booking Marketplace (www.myportalgh.com)):** Engineered the core database architecture for a scalable B2B SaaS platform serving the Ghanaian market, utilizing Next.js and Supabase for real-time data handling.
- **captrd (Mobile Photo-Sharing Application(www.captrd.live)):** Developed a specialized mobile application tailored for high-end events, small social gatherings, and parties. Configured local development environments to

rigorously test application logic and user flows.

- **RateMyHostel (www.ratemyhostel.co):** Built and deployed a comprehensive directory website (ratemyhostel.co) targeting university students.
- **Blockchain Land Registry & Marketplace:** Developed utilizing Solidity, Truffle, Ganache, React (2025).
- **Data Visualization Tool:** Built with JavaScript and Chart.js (2024).
- **Second Place in Sci-Tech Innovation Challenge** Jul 2021

LEADERSHIP & VOLUNTEER EXPERIENCE

Coordinator, SLB Excellence in Education Development (SEED), Accra Jan 2026 – Present

- Mentored over 100 junior high school and basic school students as part of SLB's educational outreach initiatives.
- Coordinated the formation and continuation of reading and robotics clubs in 2 basic schools.

Lead Web Developer, Project ReL (Remote Learning) - ENACTUS KNUST Aug 2024 – Aug 2025

- Led the development of user interfaces for Ghana's first sign-language-based virtual learning platform supporting hearing-impaired students
- Worked collaboratively with a cross-functional team to deploy online sign language lectures

Do Well Do Good Future Leaders Program Alumni, DWDG 2022–2024

- Collaborated with international teams to develop, research, and pitch startup business solutions to evaluators

Sep 2022 – Jul 2024
